MOOD
WOOD

PORTE IN LEGNO MASSICCIO PER INTERNI

Armonia e forza. Emozione ed espressione.

Distinguersi, essere, senza compromessi.

Perché se “le mode passano, lo stile resta”.

E una porta in legno massiccio Dierre

è sempre una scelta di stile. Naturale.

SOLID WOOD INTERIOR DOORS

Harmony and strength. Emotion and expression.

Standing out, being, with no compromise. Because

if “fashion goes by” style remains. And a Dierre solid

wood door is always a choice of style. Natural.

GUARINI 1

Versione	cieca con bugna a due ante
Colore	rovere sbiancato chiaro
Coprifilo	barocco

Version	blank with raised panel, double leaf
Colour	light bleached oak
Cover mould	barocco

Elegante nella forma e nelle proporzioni,
capace di emozionare, lo stile delle porte
in legno massiccio Dierre si esprime con
caratteri diversi, precisi e fortemente distintivi.
Prezioso, minimal, contemporaneo, classico,
intimo, aulico. Ma una cosa, sopra ogni altra,
lo rende raro e inconfondibile: è uno stile
destinato a durare.

S T I L E

S T Y L E

*Elegant in both shapes and proportions,
able to give special emotions, the style of
the Dierre solid wood doors is expressed
with different features, precise and highly
distinctive. Precious, minimal, contemporary,
classical, intimate, stately. But one thing,
above every other, makes it rare and
unmistakable: it is a style intended to last.*

Il legno vive. Il legno è bello: da sfiorare, da guardare. Cambia aspetto, col passare del tempo; le venature assumono nuovi colori, con sfumature che si trasformano a seconda della luce. Lo sanno bene le porte in legno massiccio Dierre, ognuna con la propria identità, le proprie piccole imperfezioni, segni inconfondibili di una bellezza nobile e naturale.

N A T U R A L E

N A T U R A L

*Wood lives. Wood is nice: to touch, to look at.
As time passes it changes its appearance, the
grain takes on new colours, shades that change
as light does. Dierre solid wood doors are well
aware of this, each with its own identity, its own
small imperfections, unmistakable signs of noble
and natural beauty.*

M A N T E G N A

Non semplici complementi, ma autentiche protagoniste dell'arredo, le porte Mantegna esaltano gli ambienti più prestigiosi con la loro eleganza e ricchezza formale. Uno stile classico raffinatissimo, impreziosito in ogni modello da bugne di tipo combinato e telaio con coprifili appropriati.

M A N T E G N A

Not basic auxiliary items, but true furnishing protagonists, the Mantegna doors enhance the most prestigious settings with their formal elegance and richness. A very refined classic style, every model of which is embellished by combined raised panels and frame with suitable cover moulds.

DE SIMONE

Un design moderno e ricercato, che le cerniere invisibili contribuiscono ad enfatizzare. Questa soluzione tecnica consente, infatti, di avere, sul lato a tirare della porta, il battente perfettamente complanare ai coprifili, sottolineando l'estrema pulizia di linee della famiglia De Simone.

DE SIMONE

A modern and refined design, that is emphasized by the invisible hinges. This technique allows, in fact, to have, on the pull side of the door, the leaf which is perfectly flush to the cover moulds thus highlighting the utmost neatness of the lines of the De Simone family.

GUARINI

Porte d'ispirazione tradizionale, che sanno colpire gli occhi e il cuore con le loro linee importanti. Piattabanda perimetrale spessa oltre quattro centimetri; fascia larga e con rilievo maggiorato: in Guarini forme e volumi si accordano per esaltare la forte e preziosa matericità del legno massiccio.

GUARINI

Traditional inspiration doors, that strike the eye and the heart with their important lines. Flange over the perimeter over four centimetres thick; wide band and with increased relief: shapes and volumes with Guarini merge to enhance the strong and precious richness of solid wood.

A L F I E R I

La moderna rivisitazione di uno stile classico tradizionale, per la famiglia Alfieri. Una collezione di porte capaci di inserirsi con naturalezza in spazi d'ispirazione differente, pur conservando la loro autentica e preziosa solidità.

A L F I E R I

The modern interpretation of a traditional classic style, for the Alfieri family. A collection of doors capable of naturally blending-in with different types of spaces, while preserving their authentic and precious solidity.

R I C C I

Collezione di gusto contemporaneo ed eclettico, aperta a contributi stilistici diversi: dal coprifilo con capitello, di suggestione più classica, ai ricorrenti inserimenti in inox, decisamente moderni. Con Ricci la porta diventa un elemento d'arredo esclusivo, capace di esaltare con originalità ed eleganza ambienti e atmosfere differenti.

R I C C I

A collection having a contemporary and eclectic taste, open to different stylistic contributions: from the cover mould with capital, of a for more classic appeal, to the decisively modern stainless steel applications. With Ricci the door becomes an exclusive furnishing item, able to enhance settings and different atmospheres with originality and elegance.

PALADINO

Una linea attuale e disinvolta, per una dimensione domestica naturale. Il profilo tondeggiante, che ricorre su tutti gli elementi della porta Paladino, accentua il valore tattile sensoriale del legno massiccio e il senso di protezione che ne deriva.

PALADINO

A current and casual line, for a natural household environment. The roundish profile, which is typical of all the elements of the Paladino door, enhances the tactile-sensory value of solid wood and the sense of protection resulting from it.

CAIROLI

Stile attuale, caratterizzato da linee severe e profili sfaccettati, per la famiglia Cairoli. Nata per vivere in sintonia con chi ritiene che il design migliore abbia la compiutezza e l'eleganza della semplicità.

CAIROLI

A decisively modern style, characterised by strong lines and faceted profiles for the Cairoli family. Conceived to live in harmony with those who feel that the best design has the fulfilment and the elegance of simplicity.

All opening configurations and solutions may be tailored. Discover the endless personalization possibilities at the Dierre Partners.

Dietro una porta in legno massiccio Dierre c'è la passione di centinaia di persone; c'è la selezione dei migliori materiali e una creatività intelligente, tesa a realizzare prodotti che coniughino estetica e funzionalità, tecnologia ed artigianalità. In lei, ogni particolare racconta la cura e la competenza con cui è stata fatta. Il battente è costituito da due strati di legno massiccio incollati fra loro, per una perfetta stabilità. Le bugne, anch'esse in legno massiccio, sono composte da più listelli assemblati. Il legno massiccio è utilizzato in doppio strato anche per il telaio, caratterizzato da coprifili ad incastro con aletta regolabile. Solo lavorazioni rigorose e amore per le cose fatte bene assicurano un'esecuzione perfetta e rifinita nei minimi dettagli.

LA FORZA DEI DETTAGLI

THE STRENGTH
IN THE DETAILS

Behind a solid wood Dierre door stands the passion of hundreds of people; the selection of the best materials and a clever creativity, aimed at conceiving products that blend aesthetics and functionality, technology and craftsmanship. Every door contains the care and competence which it was made with. The leaf is composed of two solid wood layers glued together, for a perfect stability. The panels, also in solid wood, are made of several strips assembled together. The solid wood is double-layer also for the frame, featured by clip-in cover moulds with adjustable flange. Only a strict working process and the love for well made items ensure perfect and cared for finishing touches.
