PORTE PER INTERNI CONTEMPORARY STYLE

# L U M I È R E

Linee rigorose, carattere elegante. Perfetta sia in spazi contemporanei che classici, Lumière ridisegna l'ambiente, abbandonando il superfluo. Luce e riflessi sono protagonisti di uno stile ispirato alla purezza. Tutto il resto scompare: le cerniere, registrabili su tre assi, sono invisibili; la serratura, magnetica e silenziosa, adotta una maniglia priva di bocchette. Solo la superficie lucida dell'anta accende lo spazio. Una scelta tra 14 finiture con o senza inserti in pietra. Disponibile anche in versione rasomuro Mimesi.

# L U M I È R E

*Stringent lines, elegant character. Perfect both in contemporary and classical settings, Lumiere redesigns the environment, leaving the superfluous behind. Light and reflections are the leading actors of a style inspired to purity. All the rest disappears: the invisible hinges adjustable on three axis; the lock, magnetic and silent fits a handle without cover plaques. Only the glossy surface of the door lights up the space. A choice amongst 14 finishes with or without stone inserts. Also available in the flush to the wall version Mimesi.*

# SYNTHESIS

Le venature morbide del legno si fondono in un profilo rigoroso ed asciutto. Synthesis: la casa contemporanea non è mai scontata quando sa raccontare lo spirito di chi la vive. Il frassino spazzolato laccato a poro aperto prosegue senza soluzione di continuità dall'anta al telaio. Le cerniere invisibili sono registrabili su tre assi; la serratura è magnetica; le maniglie, progettate ad hoc senza placchette. Synthesis è realizzabile in tutti i colori della cartella RAL.

# SYNTHESIS

*The soft grain of the wood merges into a rigorous and dry profile. Synthesis: the contemporary house is never foregone when it can tell of the essence of those who live it. The lacquered open pore brushed ash continues without interruption from the leaf to the frame. The concealed hinges are adjustable on three axis; the lock is magnetic; the handles, designed ad hoc without cover plaques. Synthesis can be produced in all the colours of the RAL colour card.*

# F E E L

Guardala. Poi sfiorala, accarezza, sentila. Perché Feel parla agli occhi e alla pelle di chi la scopre. Una lavorazione rivoluzionaria trasforma l'anta di legno in superficie di seduzione tattile. Matericità e design innovativo insieme, con trama a tranciato tessuto o venato. Ancora una volta, natura, immaginazione e tecnologia creano un capolavoro. Feel è in rovere sbiancato, rovere grey, white oak, wengè oppure laccata; con cerniere invisibili registrabili su tre assi, serratura magnetica e maniglia senza placchette.

# INSERT FEEL

Sorprendente soluzione per una porta in legno rovere sbiancato, wengè, white oak, rovere grey oppure laccata. L'anta liscia viene interrotta da inserti tattili con trama a tranciato tessuto o tranciato venato. Ricchezza di materia e dettagli di stile originali animano la casa. Anche per Insert Feel, cerniere invisibili registrabili su 3 assi, serratura magnetica e maniglia senza placchette.

Le linee si rincorrono su piani diversi, a doghe orizzontali o verticali. Tra telaio ed anta si definiscono nuove prospettive. Nuove profondità. La porta accentua la sua tridimensionalità geometrica, divenendo quasi oggetto scultoreo, protagonista indiscusso dello spazio circostante. Sottili volumi sovrapposti in infinite interpretazioni cromatiche: tutte quelle della cartella RAL. Anche in Linear le cerniere sono invisibili e registrabili su tre assi, la serratura è magnetica e la maniglia senza placchette.

*The lines run on different levels, with horizontal or vertical slats. New perspectives are defined between the frame and the leaf. New depths. The door three-dimensional geometry is enhanced, becoming almost a sculpted item, undisputed protagonist of the surrounding space. Thin superimposed volumes in endless chromatic interpretations: all those of the RAL colour card. Linear also has invisible adjustable hinges on three axis, the lock is magnetic and the handle without cover plaques.*

Un segno. O meglio, un disegno. La porta sembra trasformarsi in elemento bidimensionale, pronto a scomparire nell'architettura dello spazio, come a stagliarsi con la sua campitura di colore opaca o addirittura lucida con alcuni RAL. Il battente filomuro si integra perfettamente sulla superficie; le cerniere sono a scomparsa e permettono un'apertura dell'anta di 180°. Stile minimal, funzionalità e libertà di personalizzazione, per la linea Mimesi, disponibile anche per le pareti in cartongesso.

*A sign. Or better, a design. The door seems to turn into a bi-dimensional element, ready to disappear within the architecture of the space, as it blends in with its matt or even glossy colours of some of the RAL. The flush door perfectly integrates on the surface; the hinges are hide-away and allow a 180° opening of the door. Minimal style, functionality and freedom of personalization, for the Mimesi line, also available for plasterboard walls.*

# GLAMOUR

Il legno, le sue venature, i nodi, le sfumature che cambiano col tempo, trovano in Glamour una nuova, raffinatissima espressione. Come in Stone, il design rigoroso, con pannello centrale portante in legno massiccio, celebra il pregio della materia. Glamour è eleganza ed emozione allo stato puro.

# GLAMOUR

*The wood, its grain, the knots and the shades that change with time, reveal Glamour as a new, refined expression. As in Stone, the rigorous design, with solid wood central bearing, celebrates the prestige of materials. Glamour means pure elegance and emotion.*

Porta in laminatino, dalle linee sempre attuali e pulite, New Sky si distingue per la raffinata finitura in spazzolato o tranché. Anche i colori disponibili sottolineano la sua vocazione a porta per casa giovane, ma ricercata: bianco, rovere grigio e rovere sbiancato.

*New Sky has been conceived, as to replace the Sky family. A laminate door, with always modern and clean lines, New Sky stands out for its refined brushed or tranché finishing. The available colours also underline its vocation as a door for a young but refined house: white, gray oak and bleached oak.*
